Revision to the Price of Aronix Products

Toagosei Co., Ltd. hereby announces that it has decided to increase the selling price of the following products and has entered into negotiations with its customers.

1. Products and Price Revision Range

Aronix +150 yen per kg or more

2. Timing of the Increase in Price

Products shipped from February 1, 2025

4. Background to the Increase in Price

The market prices of the main raw materials, including alcohol, have significantly increased, and the costs of secondary materials and logistics have also risen, putting pressure on our profitability.

Under these circumstances, we have made efforts to enhance production efficiency and streamline logistics to ensure a stable supply.

However, there are limits to what we can achieve through self-help efforts alone. Therefore, we have determined that a price revision is necessary to continue providing products of appropriate quality in a stable manner.
